

Our Guarantee at NFT GOLD MINTING

We stand by our gold products with a lifetime buyback program. Our customers may sell their plate back to us at any time, for the prevailing market price of gold based on the entire weight of the plate, which we will melt and reuse. We provide a prepaid label for shipping plate to us.

We ask that original paperwork including the Certificate of Authenticity is returned to us with the gold plate to ensure prompt payment.

Please email or call 415-200-1105 to make buyback arrangements. Thank you.
